

WILL SELL MT. ATHOS

Handsome Orange County Estate to be Offered Next Tuesday.

BUYING NOTTOWAY FARMS

Northern and Western Men Seeking Homes in Southside Virginia—Sales Here.

Messrs. J. Thompson Brown and Company, real estate agents, on yesterday afternoon sold the property on the south side of Court Street between Eighteenth and Nineteenth Streets, fronting 112 feet on Cary. The price was \$50 a foot or \$5,770 for the whole property.

Messrs. J. B. Elam and Company will offer a two-story frame dwelling on Wallace Street, near Ritchie, at 4:30 o'clock to-morrow afternoon. This is very desirable investment property.

On next Tuesday one of the finest estates in Virginia will be offered at public auction. This is Mt. Athos, the residence of Mr. Newman Somerset, Orange county. This farm contains between 1,000 and 1,100 acres with every modern out-house. There is a private telephone line from Somerset Station to the premises, a private electric light plant, a commodious artificial lake on the farm, and a number of tenant houses, three of which are good, substantial residences. This is a court sale and the purchaser is apt to get a bargain.

NOTTOWAY FARMS SOLD.

The influence of Northern and Western men in Virginia recently has been notable. Nottoway county has come in for their share of immigrants, and possibly has done better than many counties. In the past month the following properties have changed hands in that county:

Hyde Park place, 1,100 acres, belonging to Miss Battie B. Bowles, near Burkeville, to Thomas B. Scott, of Chicago, for \$12,000. Mr. Scott proposes to establish a modern stock farm.

Inverness, the old Jeter estate, 440 acres, to Mr. Kuhn, of Sioux Falls, for \$10,000. Mr. Kuhn will engage in general farming.

John E. Epp's farm, near Blackstone, to Mr. Dilworth, of Dakota, for \$10,000. This farm contains 450 acres and will be devoted to agricultural purposes.

Mountain Hall, near Burkeville, the estate of the late Dr. James Jones, sold to Mrs. Gillian Perkins, of Rochester, N. Y. About 600 acres. Price not known.

Ravenswood, the Tuggee estate, 500 acres, near Nottoway Courthouse, to a Northern man for \$7,500.

THISTLE AND DANDRUFF.

An interesting parallel and a valuable cutting down of thistles that more relieves the scalp than does scouring the scalp cure dandruff. In each case permanent relief can only come from eradicating permanently the cause. A germ that plows up the scalp in searching for the hair root where it seizes the vitality, causes dandruff, falling hair, and baldness. If you kill that germ, you'll have no dandruff, but a luxuriant suit of hair. Newbro's Hericide is the only hair preparation in the world that cures dandruff and falling hair by killing the germ. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Hericide Co., Detroit, Mich. Owens & Minor Drug Co., Special Agents.

THEN: "Every joint in my body was sore. I said I would rather sit in the house until I died. I could hardly get about."

"I Give the Thanks Entirely to PAINE'S CELERY COMPOUND"

Another Wonderful Record of Cure.

Rheumatism is cured by Paine's Celery Compound. It strengthens the nerves, tones the body, removes the rheumatic and neuralgic deposits from the system.

The cure described in this letter, dated January 12th, 1904, by Mrs. L. E. CLARK, 232 West Fifth Street, New York City, was Professor George C. Phelps' discovery. It is the famous discoverer of Paine's Celery Compound, who laid down the principle:

"Trago every disease or pain to the TRUE CAUSE. Pain is only the sign or symptom. It is idle to seek for suffering in the cure that CURES THE TRUE CAUSE."

New York, January 12th, 1904.

"Since I was cured of rheumatism by your Paine's Celery Compound I have written letters to twelve of fifteen of my

friends to see me so cheerful. I give the thanks entirely to Paine's Celery Compound."
